About Company

Rainbow Ming Co., Ltd. was established in January 1975 located in Miaoli, Taiwan. We started with our business on oil impregnated bearings. Years later, we made great achievements in the production of sewing machine parts and praised by customers afterwards. With the changes of the lifestyle and industry, we committed in different material and production technology for accomplishing the various demand of the different industries.

Furthermore, our products are widely used in home appliances, automobiles, motorbikes, lock systems, medical equipments, power tools, industrial machines, and even robots, ships, road alignment equipments, optical equipment and many other industries contributing to the realization of human dreams of life. We distribute our products to the customers in Taiwan, and export the products to the customer mostly in Europe and also in China, America, Australia, Japan and Southeast Asia. The overseas business of Rainbow Ming is more than 60% of the company's turnover.

Technology – We make your idea come true. (技術)

When obtaining the customer's drawings, we actively conduct feasibility assessments and appropriately provide effective suggestions to our customers based on our , thereby reducing manufacturing costs and increasing the probability of mass production. That strives to make our customers' ideas become reality.
